Skillset

Languages	C/C++ • JavaScript • SQL • Python • Dart
Web Dev	CSS • ReactJS • HTML • Node.JS • NextJS • Flask • Streamlit • Mongo DB
Android Dev	Android Studio • Flutter
Others	Data Structures • Algorithms • Problem Solving

Personal Projects

Period Tracker

Built a full-stack period tracking application enabling users to log menstrual cycle data, predict future cycles, and view history. Implemented user authentication using JWT and integrated MongoDB Atlas for secure data storage. Designed a clean, pink-themed UI with intuitive navigation, deployed via Streamlit Cloud for easy accessibility.

Personal Portfolio Website

Developing a responsive and visually engaging personal portfolio website to showcase projects and skills. Integrated smooth navigation and clean UI design to enhance user experience. Deployed the site using Netlify for seamless global accessibility and performance optimization.
